

Dinnen Shares Good News and Not So Good

Necrology Service Honors Ten

A vase, white roses and tealight candles adorned the table as **Frances Smoot** and **Darcy Drago**, presented a short Necrology Service to remember those members who died during the past year. They were **Elizabeth Cannata, Jimmie Lee Dixon, Ed Elder, William Gaffney, Jean Grayson, Dorothea Holden, Florence Jones, Dorsey Maynard, Jeanne Stanley** and **Arthur Wolfe**. As Frances read each name, Darcy placed a white rose into a vase. Frances then asked for a moment of silent reflection to remember them.

Speaker of the Day at the Annual Scholarship Luncheon on February 3 was School Board Member **Maureen Dinnen**, a 35-year classroom veteran who is also a member of BCREA. She taught math and history in middle school, high school and at BCC. Although she didn't tell us about it, in December, Maureen was named School Board Member of the Year for school districts with an enrollment of over 50,000 by the Consortium of Florida Education Foundations! Ever the cheerleader for Broward County Schools, Maureen reiterated the positives about the district: the recently named Florida Principal of the Year is from Broward; the district is 6th in the nation in size with 240,000 students and 1200

school buses; and Broward was a runner-up for the Broad Award for intercity schools in 2008 and 2009. Other good news she shared is that current retirees don't have to be concerned with their pensions being reduced; Florida has one of the four fiscally solvent pension plans in the country. So don't believe anything you hear about it being in trouble. The bad news is that the

State can alter the COLA. Right now, teachers are demoralized due to the possibility that pay will be linked to student performance and because of the 3 - 5% cuts in state funding. The state was already 50th per capita in funding in 2007 - before the economy tanked. "Already," she states, "the County is being forced to use school buses 15 years, 3 years beyond their 12-year life expectancy. With the added cuts, that could increase to 19 years." Maureen would like to have a list of people she can contact. "If things are being done that hurt our school system, people need to know about it." If you'd like to be on her list, contact her at 754-321-2003 or at mdinnen@browardschools.com.

President's Corner

What a turnout! 107 of us enjoyed food, fellowship and raising a lot of money for our scholarship fund.

Our speaker **Maureen Dinnen** was very positive about Broward County Schools and cautious about cuts that will have to be made for lack of funds. I got to call out raffle numbers for some great prizes. We had blenders, slow cookers, stationary, perfume, jewelry and music boxes, you name it we had it! Thanks to our "runners" who helped with the raffle: **Barbara Morningstar, Linda Horton and Marelise LeClerc**. Many thanks to **Bright Star** who provided (and set up) the table decorations and donated four \$25.00 gift certificates. Thank you **Marjuree Larin** and **Bright Star!** Members really outdid themselves with their generous donations. A big thank you to **Doris Emmett** who once again handled the reservations with her usual excellence and to **Bev Hoppe** who created the programs and nametags.

Judy Joseph is a born saleswoman! She really sold lots of tickets. She's taking on the job for good, I think. Treasurer **Marelise** didn't get ruffled at all having to handle all the money. She's had lots of practice as a principal.

We are looking for members to get involved with planning a District 10 workshop that will be held in September. If you would like to be on the committee, let **Anne French** know. Love to all of you,

Marguerite

Vice-President's Corner

Spring is just around the corner and what more perfect time is there to find out why Broward County Parks and Recreation Division have always considered their volunteers exceptionally important people. At the March meeting, Ms. Anita Ziegler will be introducing the "Volunteers Improving Parks" (VIP) Program. The mission of the VIP Program is to increase community involvement with Broward County Parks. By attending the March meeting, you will be among the first citizens in Broward to find out about this new and interesting program.

What a winter this has been.

Not only in the United States but all around the globe. Some have advanced the theory that this has been caused by global warming. If this condition is not checked the climate will only get worse. "I can't do anything about it," you say. Oh yes you can! There are many things that we can do and every little bit helps. Here are ten simple things recommended by the Environmental Defense Fund:

1. Recycle and buy minimally packed goods as much as possible.
2. Wash clothes in cold or warm water, not hot.
3. Install low-flow shower heads to use less water.
4. Run the dishwasher only when full and don't use heat to dry dishes.

5. Replace standard light bulbs with compact fluorescent bulbs.
6. Plug air leaks in windows and doors to increase energy efficiency.
7. Replace old appliances with energy efficient models.
8. Walk, bike, or car-pool or use public transportation whenever possible.
9. Adjust your thermostat - lower in winter, higher in summer.
10. Share these steps with friends and family to increase awareness.

Let's remember these little steps and any others that you already practice. Add to this list. After all, it is up to us to save the planet.

Fifth Grade Essay Contest

The essay contest is over. We had one school, Morrow Elementary, to participate. We collected eight essays. Now it is up to the judges to select the winning essay to be submitted to the district. Hopefully our winner will be the state winner.

Book Donation

The Literacy Committee is asking for donations of new books, appropriate for a fifth grader, to be given to each essay participant who will also receive a certificate. We are also collecting slightly used books to give to

the after school program (K - 5) at the L. A. Lee YMCA.

Bev's Bytes.....

With 107 members and friends in attendance, this year's Scholarship Luncheon was the most successful in recent memory. One person who helped make it successful was **Josephine Walker** who enlisted 9 of her friends to make a table of 10! Way to go, Jo! Also, the quality of the raffle prizes was excellent! They included a waffle maker, a blender, jewelry, an electronic wine cooler, wine glasses (but not one bottle of wine!), a spa set the Bright-Star gift certificates and 12 centerpieces from the tables! Thanks to everyone who contributed! And thanks to **Marguree Larin** and her co-worker **Joyce Gaines** who were first on the scene to do the decorating!

It was so nice to see familiar

faces who don't make it to many meetings - **Glenn and Rita Sanderson, Don & Lois Fry, Ethel Pappy** and her daughter **Rosa, Don and Pat Roberts, Bertilda & Luther Henderson** - to name a few!

I'm originally from a small town in West Virginia. I left there when I was 9, but still have family up there and I still receive the local weekly newspaper *The Barbour Democrat*. As I was reading the obituaries last week, I saw a familiar name: **Arthur Wolfe**, a BCREA member who I was aware had recently died. "Could it be the same one?" I thought as I began to read. And sure enough, it was! What a small world!

Send me news about yourself or fellow members, especially folks who are not still in the area. Everyone likes to know how old friends are doing. And that's the last byte for this month.

Bev
